

A MIDNIGHT FIRE

On Friday night, just before midnight, a fire broke out in the rear part of the bakery premises of Mr Peter Ellis opposite the Sunshine Theatre. The Sunshine brigade was first on the scene, and had the flames under control before detachments from Footscray and Williamstown arrived. The damage done was considerable. Owing to the unfinished and dangerous state of Hampshire Road in the vicinity, one of the fire engines nearly overturned and were lucky to avoid a serious accident.
