## Drapery Shop

 Burnt OutMore than $£ 1000$ worth of stock was destroyed or damaged when fire gutted the premises of $\mathbf{L}$. \& $\mathbf{G}$. Drapers in Hampshire Road, Sunshine, eariy on Tuesilay.

The fire was noticed about midnight. By then it had a good hold. Sunshine firemen promptly had it under control and stopped it from spreading to adjoining premises.

Burnt flooring in the centre of the shop posed a problem as to the fire's origin-perhaps a cigarette butt dropped among paper patterns on a counter there, or a match lit by intruders and deliberately tossed among the papers.
