## Fire damaged house at 17 West Esplanade St. Albans

26<sup>th</sup> September 1957

### **Fire Damaged House at St. Albans**

This house at No. 17 West Esplanade, St. Albans, was badly damaged by fire on August 21 and the recommendation was that the building be demolished.

A long discussion ensued on this matter and Cr. Deutscher moved that the recommendation be adopted. But as there was no seconder, Crs. Gavaghan and Eddie moved that the matter be deferred for further investigation with the Riding councillors and the engineer with power to act.

It was arranged to meet at 5 p.m. next day on the spot.
